

Alabama Lawn Pros Wins Ride-On Sprayer at GIE+EXPO

Source: www.TurfMagazine.com

✖ INDIANAPOLIS – [Dow AgroSciences](#) gave lawn care operators the chance to win one of two professional spreader sprayers during the Defend Your Turf Giveaway at this year's [GIE+EXPO](#). Jason Creel, the owner of Alabama Lawn Pros, walked away with a brand-new [PermaGreen](#) Triumph spreader sprayer.

"This piece of equipment is going to change the way I do business," Creel says. "I recently started a new company, and I have a long way to go, but the Triumph will help immensely. Before I was using a push spreader. This new equipment will allow me to be faster and much more efficient. I'll be able to get a lot more done throughout the course of a day."

And to get the maximum results with his new ride-on, Creel also will receive a 1-quart bottle of [Defendor](#) specialty herbicide. It's the perfect match to control high-anxiety weeds while spreading his favorite granular preemergent – all in one pass.

The first drawing is over, but there's still a chance to win. Enter online at www.DefendYourTurfGiveaway.com, and you could be adding a Z-Spray Z-Max spreader sprayer to your equipment lineup. All entries submitted between Oct. 1 and Dec. 1 will be included in the second drawing. Only one entry per person.
