SOUTHAMPTON, Pa. – Schiller Grounds Care, Inc., parent company of Little Wonder, BOB-CAT, Classen, Mantis, Ryan and Steiner brand outdoor power equipment, has entered into a supply agreement with Sound Manufacturing, Inc., manufacturer of Monster brand truck loaders and collection dump systems. Under the agreement, Sound Manufacturing, a sheet metal fabrication company located in Old Saybrook, Conn., will manufacture these product lines exclusively for Little Wonder.

The agreement is a win/win for both companies. The strength of the Little Wonder brand's domestic and international distribution network will increase production at the Sound Manufacturing facility. For the Little Wonder brand, the addition of large higher horsepower truck loaders expands the brand's current line offerings and opens up a new product line in dump collection systems to the landscaping, janitorial and industrial markets.

The new Little Wonder Monster line will include the following products:

- Truck loaders in 14, 18, 29, 35 and 36 hp engine models with a selection of mounting/trailer systems
- Truck collection dump systems will include 5- and 10-yard capacity units

The new Little Wonder Monster line will be in dealerships nationwide in time for the upcoming fall season.
