### Compact Equipment & Attachments

Bigger isn't always better. Some jobs require equipment with a smaller footprint. That's where compact equipment comes in. With the various attachments available, you can do a multitude of services with one versatile unit.

#### **Avant Tecno USA, Inc.**

- ✖ The Avant 760i multipurpose loader is designed for Tier 4 Final compliance regulations and low emissions. Various attachments available, including the log grab attachment to move logs and branches. [www.AvantTecnoUSA.com](http://www.AvantTecnoUSA.com)
- 

#### **Branson Tractors**

- ✖ The 4720h has 47 hp and a hydrostatic transmission and features an adjustable deluxe seat with superior comfort. Loader and backhoe attachments are available. [www.bransontractor.com](http://www.bransontractor.com)
- 

#### **FINN Corp.**

- ✖ The FINN BB302 Bark Blower applies landscape mulch and other bulk materials, eliminating the need for labor-intensive hand application. Ideal for mulch beds, public gardens and playgrounds. [www.finncorp.com](http://www.finncorp.com)
- 

#### **Terex**

- ✖ Generation 2 (GEN2) skid steer loaders are available in radial and vertical lift-path patterns with rated operating capacities ranging from 665 to 3,600 pounds and are equipped with Tier 4 Final engines. [www.terexconstruction.com](http://www.terexconstruction.com)
