GROUND LOGIC has announced that Professional Turf Products, L.P. (PTP) is now the sole source distributor for GROUND LOGIC spreaders/sprayer products in their region.

PTP's territory includes the states of Texas, Oklahoma, Kansas and the western portions of Louisiana, Arkansas and Missouri. Their market is primarily independent dealers, golf courses, schools, municipalities, parks, landscape and irrigation contractors. PTP is committed to customer satisfaction and they believe in developing long-term customer relationships.

PTP will sell the Rover Spreader Series (intended for those who don't need a spraying system) as well as the Pathfinder and Pathfinder XC Spreader-Sprayers (commercial grade models for those who need the capability of applying granular fertilizer and liquid herbicides).
